INFORMATION

ABOUT EMMA WILLIAMSEN

I am a Senior at Olympus High School and have been drawing since a very young age. I started drawing as a way to help manage my ADHD while trying to focus. I enjoy many mediums and styles, such as acrylic, charcoal, realism, and cartoonism.

ABOUT WORKS

My work centers around the theme of distortion and exaggeration. I wanted to push myself using this and see how extreme I could go with my work. There are multiple works of mine that extend to other pieces and connect to emphasize this.
